## STRIKE DUE TO WORK OF SPIES

Federal Probe of East Youngs-  
town Rioting.

## TWO AUSTRIANS CONFESS

Men Assert They Were Sent From  
New York to Start Strike to Pre-  
vent Manufacture of War Munitions  
at Steel Plant.

New York, Jan. 10.—The federal  
authorities investigating German ac-  
tivities will inquire immediately into  
the status of the two men under ar-  
rest at Youngstown, who are said to  
have confessed that they were sent  
from New York to Youngstown to  
start a strike.

Youngstown, O., Jan. 10.—The in-  
quisition by both federal and Mahoning  
county authorities into mob violence  
at the plant of the Youngstown Steel  
and Tube company plant, when two  
persons were killed, many wounded  
and a million dollars' worth of property  
destroyed, took a sensational turn  
when County Detective Kane said two  
Austrians in the county jail here have  
made confessions in which they asserted  
they were sent here from New York to  
start a strike to prevent the manufacture  
of war munitions.

"It would be useless for us to at-  
tempt to operate our plant while some  
of the workers are in their present  
frame of mind," J. A. Campbell, president  
of the Youngstown Sheet and Tube  
company said, discussing the strike  
conditions, for the first time since the  
riot at the plant in East Youngstown.

"We do not need any protection for  
ourselves, but we want to have our  
workers and their homes protected.  
Brigadier General Speaks has in-  
formed us that he will remove the na-  
tional guardsmen from our plant. It  
was never intended that they should  
be quartered there.

"We will not import strikebreakers.  
I am confident that outside people  
were responsible for the shooting. It  
has been suggested that this trouble  
was provoked by enemies of the al-  
lies. They may have been a factor.  
We have been making war munitions,  
and when we started many of the  
Austrians in our employ refused to  
work. They may have seized the op-  
portunity of assisting in this trouble  
by inciting the other men."

Over 400 persons were taken into  
custody in East Youngstown by sol-  
diers and deputy sheriffs and the au-  
thorities are in a quandary as to  
where the prisoners were to be kept.  
Movements toward a settlement of  
the strike at the Youngstown Sheet  
and Tube company in East Youngs-  
town and in Struthers, and the Re-  
public Iron and Steel company in  
Lansingville, where probably 18,000  
men are employed with less than  
5,000 of them on strike are started.

Peace plans outlined by Governor  
Willis were launched by Fred C. Crox-  
ton, chief of the state mediation board  
when the governor sent here from  
Columbus.

Mr. and Mrs. John Bishop and chil-  
dren spent Saturday in Louisville.

## We Always Have Money to Loan to Our Customers and Friends on Approved Security

The public well knows the general condition of the country for the last two years, which  
was brought about by crop failures. Foreign war and a number of other causes, in the face of  
these conditions we have never failed to supply our customers with any accommodations they  
were in need of. We have never called a loan, nor brought a suit to close a loan, unless it was  
where the security was insufficient to justify us in extending the same. These conditions alone  
should be sufficient evidence to you that you should do your banking business with us.

## BIGGEST SALE OF THE SEASON

At The Breckenridge Loose Leaf  
Last Saturday. Prices Low-  
er, Owing to Quality and Con-  
dition.  
**165,000 POUNDS SOLD.**

The Breckenridge Loose Leaf House  
made a record breaking sale last Sat-  
urday. While the prices were not as  
good as some former sales, they were  
good for the character of tobacco offered.  
The floor was taxed to its capacity  
and every inch of space was taken.  
Zema Frank got the top price  
for dark at \$14.10. G. L. Lucas stood  
at the head of the list for burley at \$13.  
Leaf and lugs were sluggish owing to  
quality and condition. They were in  
bad order and not up to grade. Trashes  
held their own at \$2.70 and \$3. There  
were 165,000 pounds passed under the  
hammer and Auctioneer Robertson  
was busy every minute of his time  
pleading and urging the buyers to bid  
up lively. He is proving to be one of  
the best salesmen the company has  
ever had. There was the usual crowd  
of farmers on hand to see the sale and  
many were present for their first time.  
There were very few rejections and all  
were seemingly well pleased with the  
prices. The next sale is set for Fri-  
day, January 14.

Frank A. Beavin, of Roll, Okla.,  
came in last week to visit his family  
and old home. Frank is now a pros-  
perous farmer of Oklahoma. He left  
here 15 years ago with just enough  
money to land him in the West and  
take up a claim. Last year he sold  
\$4,000 worth of products from his farm.  
He has added five children to his  
household, making eleven in all.

all his belongings, also the plunder of  
Mr. Wilson was burned. The loss was  
about \$1,000. Fully insured.

## "Rogers Gets Slice of President's Wedding Cake."

J. Rogers Gore, Chief Deputy Col-  
lector of Internal Revenue, received a  
slice of the President's and Mrs. Wil-  
son's wedding cake yesterday. The  
cake was brought to Mr. Gore by Hal-  
comb Bolling, a nephew of Mrs. Wilson.  
Imbedded in the cake is a candy dove.  
The cake was the center of interest  
yesterday in the Custom House. Govern-  
ment employes throughout the building  
kept Mr. Gore busy showing it to them.  
Another slice of the cake was sent to a  
little girl in Lexington. These two  
pieces are believed to be the only ones  
sent to Kentucky.—Louisville Herald.

## News Notes of the River.

The river continues to fall slowly at  
this point. Prospects are that the de-  
cline in the next few days will be slow,  
as the continued rain since Monday night  
will again bring it up. The river is  
still within its banks and no damage  
has yet been done.
